

Master of Science in Executive Leadership

Program Director: Stacie L. L. Morgan

The Master of Science in Executive Leadership is a 36-credit master's degree program designed for senior level leaders. The Master of Science in Executive Leadership builds on the education and experience of senior level leaders by providing graduate-level coursework beyond a Master of Business Administration, Master of Public Administration, Master of Arts in Diplomacy, and Master of Science in Leadership that focuses on self-mastery in high exposure and fast-paced work environments, leading complex change, leading beyond one's organization, leading with technology and data, accessing the most strategic resources and publicizing results. This program is conducted in a real-time, hands-on manner within students own organization.
