

## Environmental Science Curriculum Overview

Charles A. Dana Professor Richard K. Dunn (Chair); Associate Professor G. Christopher Koteas; Assistant Professor Laurie D. Grigg; Lecturer John Gartner; Research Associate George E. Springston

This major is interdisciplinary, designed for those with environmental interests and career goals. The program emphasizes experiential learning, commonly through field studies and outdoor education. Courses include real projects and original research participation. Students begin their curriculum with the development of a firm base in the sciences and mathematics. Each student develops an area of specialization by selecting a Concentration from one of two Options. Option I Concentrations lead to a heavier emphasis in science and engineering, and include Environmental Biology, Environmental Geology, Environmental Engineering, Environmental Chemistry, and Climate Science. Option II Concentrations result in a stronger emphasis in the social sciences, humanities, business, and include Environmental Policy & Management, Environmental Law & Protection, Environmental Writing, Green Design, and Environmental Education.

All Environmental Science majors take a pair of capstone courses involving an original research project and a seminar designed to synthesize their education and tie scientific thought to issues in society. The Department houses a number of instruments for environmental monitoring and analysis, and students also have access to resources in their area of Concentration.

### Goals:

- To provide an interdisciplinary Liberal Arts degree program in Environmental Science having a strong foundation in the physical and life sciences with a focus on relationships connecting society and nature.

- To provide two options, one with a concentration in the sciences and engineering, and the other with a concentration in the social sciences and humanities.
- To provide instruction and experiences with emphasis on field studies, solution of active problems, and communication in a professional format.

### Outcomes:

- Understand the physical laws of nature that control the formation and evolution of Earth materials and biological organisms
- Understand what controls the behavior of the chemical compounds that make up the inorganic and organic materials of the Earth
- Know how to define a problem, design a study to acquire data, critically analyze and interpret data, and discuss the implications of results
- Be able to think critically about published work, synthesize the content of such work, and present findings at a professional level both in writing and orally
- Meet the University's General Education Goals

### Careers for this Major:

- Graduate education
- Industry and consulting
- Military
- Environmental agencies
- Non-profit organizations

<b>TOTAL CREDITS FOR THIS MAJOR: 120-128</b>				

- 1 EnvCH and EnvEG concentrations students take CH 103 and CH 104 as freshmen, and BI 101 and BI 102 in the second year.
- 2 Or equivalent, especially if needed as a prerequisite for Concentration courses.
- 3 Can be used out of sequence and to take more than one concentration elective concurrently.

**Available Concentrations – Option I****Environmental Biology Concentration 2019-2020 Catalog**

GL 261	Field Geology	4
CH 205	Survey of Organic Chemistry	4
<b>Four of the following (16 credits):</b>		
BI 220	Introductory Microbiology	4
BI 303	Genetics	4
BI 316	Plant Taxonomy	4
BI 326	Natural History of the Vertebrates	4
BI 341	Plant Anatomy	4

<sup>1</sup> Selected from PO 105 American Politics, PO 215 International Relations and PO 305 Geopolitics; Green Design concentration students take EG 109 Introduction to Engineering I and EG 110 Introduction to Engineering II.

<sup>2</sup> Can be used out of sequence and to take more than one concentration elective concurrently.

#### Available Concentrations – Option II

##### Environmental Policy and Management Concentration 2019-2020 Catalog

MG 101	Introduction to Business	3
CS 120	Business Applications & Problem Solving Techniques	3
SO 202	Problems of Modern Society	3
PO 321	U.S. Constitutional Law	3
MG 309	Management of Organizations	3
MG 341	Business Law I	3
Total Cr.		18

##### Environmental Law and Protection Concentration 2019-2020 Catalog

CJ 101	Introduction to Criminal Justice	3
CJ 102	Substantive Criminal Law	3
CJ 402	Law and Society	3
<b>Two of the following three:</b>		6
PO 321	U.S. Constitutional Law	3
PO 314	The Legislative Process	3
PO 331	State and Local Politics	3
SO 202	Problems of Modern Society	3
Total Cr.		18

##### Environmental Writing Concentration 2019-2020 Catalog

EN 274	Introduction to Creative Writing	3
EN 364	Intermediate Creative Writing	3
<b>Four of the following:</b>		12
EN 203	Advanced Composition	3
EN 227	Survey of American Literature I	3
EN 228	Survey of American Literature II	3
EN 251	Literature of the Sea	3
EN 282	Literary Methods	3
EN 292	American Roots	3
EN 320	Literature of the Developing World	3
CM 109	Introduction to Mass Media	3
Total Cr.		18

##### Green Design Concentration 2019-2020 Catalog

AP 111	Fundamentals of Architecture	4
AP 118	Fundamentals of Architecture II	4
AP 221	Site Development and Design	3
AP 225	Introduction to Passive Environmental Systems	3
AP 325	Materials, Construction, and Design	3
<b>One of the following three:</b>		3
FA 201	History/Theory of Architecture I	3
FA 202	History/Theory of Architecture II	3
FA 308	History/Theory of Architectural III	3
Total Cr.		20

##### Environmental Education Concentration 2019-2020 Catalog<sup>1</sup>

ED 104	Foundations of Education	3
<b>Five of the following:</b>		16-19
ED 234	Learning and Teaching Strategies	4
ED 315	Special Needs Child	3
ED 351	Methods of Teaching Science to Elementary Students	3
ED 363	Reading and Writing in the Content Area	4
PY 220	Developmental Psychology	3
PY 324	Adolescent Psychology	3
PY 352	Learning and Memory	4
Total Cr.		19-22

<sup>1</sup> For Environmental Education concentration students seeking licensure, a double major in Education, Elementary Teacher Licensure is required, and may require an additional semester for student teaching.
