

## Art

Professor Arthur Schaller, Associate Professor Jason Galligan-Baldwin, Lecturer Cara Armstrong

Norwich students in all disciplines have the opportunity to broaden their college experience by earning a minor degree in art. A Studio Art Minor helps students develop their own creative skills and understanding of art in the studio.

### Goals:

1. Cultivate and extend an understanding and appreciation of art.
2. Assess the meaning and significance of the art to personal lives.
3. Offer a profound testimony to meaning and significance of the arts in a variety of ways:
  - Illuminate the ideas, values, beliefs, manners, and customs of an age
  - Inform how artists interpret and understand the visible world in which they live
  - Alert to moral and ethical perspectives which condition the artist's choice and treatment of subject matter.
